- Industry White Card

REFEREES

- Can be provided upon request

During my career I have gained a wealth of experience over the past thirty years in delivering a great variety of civil engineering projects in both Government and Private sectors.

From this broad and in-depth understanding of projects, the advantages that I can bring to clients by effectively managing projects and solving problems is:

- Setting the scope, schedule and budget accurately from the start;
- Prioritising and efficiently using resources;
- Stay on schedule and keep costs and resources to budget;
- Improve productivity and quality of work;
- Encourage consistent communication;
- Satisfying the needs of stakeholders and increasing customer satisfaction;
- Mitigating risks; and
- Achieving the desired result;

EXPERIENCE

Milward Engineering Management Pty Ltd. March 2021 - Present
